At City Year, we believe education has the power to help every child reach his or her potential. However, in high-poverty communities there are external factors and obstacles students are faced with every day that can interfere with their ability to both get to school and be ready and able to learn. City Year works to bridge the gap in high-poverty communities between the support that students actually need and what their schools are designed and resourced to provide. In doing so, we're helping to increase graduation rates across the country and changing lives of the students we serve. At City Year's 27 locations across the United States and two international affiliates, highly trained young adults, our AmeriCorps Members, work full-time in schools for 11 months providing individualized supports to at-risk students. We partner with schools and districts to identify students who are at risk of not graduating on time with their peers, and provide them with extra academic, emotional and social support and skills that they need to be successful for college and a career.

The focus of the Nashua Police Department is on community-oriented policing, which relies on individuals and neighborhood groups working with the police to prevent and reduce crime. The Nashua Police Department has sought to build a cooperative spirit between local area businesses, the citizens of Nashua and the police. Some of the avenues being used to enhance Nashua's Community Policing efforts are through Bicycle Patrols, Citizen Academies, Neighborhood Community Policing offices, Walking Patrols, K-9 Units, and the Ash Street Community Center run by the Police Athletic League.

PR Management Corp: Mitchell Roberts and David Peterman are partners in PR Management Corp. which operates 64 franchise Panera Bread locations in New Hampshire, Massachusetts and Maine. PR Management Corp. supports various charities and community initiatives including the UMass Memorial Cancer Center of Excellence and its annual Walk to Cure Cancer and the annual Boys & Girls Club of Manchester's "Day for Kids" event. Through its Feeding America initiative, Food Banks across the states of Massachusetts, New Hampshire, and Maine receive gathered donations throughout the year as well. Panera Bread: We are Panera Bread. And we believe that good food, food you can feel good about, can bring out the best in all of us. Food served in a warm, welcoming environment, by people who care. To us, that's good eating and that's why we're here. Thirty years ago, we started with one goal: to bake fresh bread from fresh dough every day in every bakery-cafe. No artificial preservatives or short cuts, just our bakers and hot ovens. We also wanted to be part of our communities so we donated what was left at the end of day to our neighbors in need. As time went by, we opened new bakery-cafes across the country, and we looked for ways to get better. We added calories to our menu (long before we had to), provided free Wi-Fi (before it was popular) and switched to poultry and pork raised without antibiotics. Now, with over 1,900 bakery-cafes in the U.S. and Canada, we still pay attention to the important things. Like serving food that's free of the artificial stuff and making sure you have a great experience (have you tried our online ordering?). All of this comes down to wanting for our guests exactly what we want for our own families. Simply: good food.

Wediko Children's Services is home to some of the country's most passionate and dedicated child development professionals who help children and families increase safety, strength, and resiliency. Our leading professionals come from a broad spectrum of educational backgrounds including clinical psychologists, social workers, neuropsychologists, mental health counselors, guidance counselors, special educators, and more. This diversity of training disciplines and life experiences adds richness and flexibility to Wediko's therapeutic capabilities, spanning across various psychodynamic and behavioral models. Wediko then hones the evidence-informed practices from each discipline and blends them into an approach that is uniquely Wediko. Integrating these models of clinical treatment into academic settings helps avoid duplication of services and discourages the artificial split between academic and clinical needs. The addition of Wediko's psychopharmacology practice ensures that a truly integrated team serves each child's needs in natural, healthy environments.
